## OUR SPEAKERS

### Major General Mark Inch Council on Criminal Justice

Mark Inch served as Florida's 12th Secretary of Corrections from January 2019 until his retirement in December 2021, completing 40 years of public service. He is now semi-retired and divides his time between prison ministry, reentry efforts, and personally engaging in the advancement of the corrections profession.

### Build Westville Team

There will be a Q&A Panel to discuss the Design Assist teaming approach used by the Build Westville Team to complete the \$1.2 billion Westville Indiana State Prison.

### Mr. Tim Ward Georgia Board of Pardons & Paroles

Tim is the former Commissioner of the Georgia Department of Corrections and began his career in 1992. He was appointed to the Board of Pardons and Paroles in January of 2023 by Governor Brian Kemp.

### Mr. Craig Alderson Willoughby Industries

Craig is the third generation owner of a correctional plumbing manufacturer that has expanded into the detention hardware market.

### Mr. Mike Smith SteelCell World-Class Security Solutions

Mike has spent his career in justice product manufacturing, and he now leads the nation's largest manufacturer of prefabricated modular cells.

### Mr. TJ Rogers Accurate Controls, Inc.

TJ brings extensive technical expertise in security automation system design, software development, and security electronics installation for the corrections industry and secure treatment facilities.

### Mr. Joseph Pauly Pohrer III Pauly Jail Building Company, Inc.

Joe is a fifth generation owner of the oldest Detention Equipment Contractor in the USA. He has been involved in the construction of over 600 correctional projects.

COMPLIMENTARY REFRESHMENTS PROVIDED ALL DAY

# MANUFACTURERS UNDER THE TENT

## MORE ABOUT OUR MANUFACTURERS & THEIR PRODUCTS

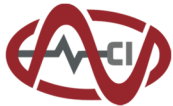

**Willoughby Industries** is the leading manufacturer of detention, behavioral health, and ligature-resistant plumbing fixtures and accessories for the mental health and correctional markets. Willoughby is also proud to introduce **Willoughby Locking Systems**, the premier **MADE IN THE USA** detention and behavioral lock manufacturer which boasts a full line of stainless steel locks!

**SteelCell** will be showcasing **CareAffirm**, your fast-track steel modular solution for a normative and secure mental health, behavioral health and medical housing needs. In addition, SteelCell will be introducing **Midwest Portland** – a full line detention lock manufacture to serve your detention lock needs.

**Titan Steel Door** is a market-leading manufacturer of custom-built, force-resistant windows, doors, panels, and frames for correctional, mental health, and detention facilities – proudly making all of its products in the USA. Under the tent they will be showcasing new wall panel designs as well as security ceilings. In addition, they will be introducing their **NEW** sliding door device.

**Accurate Controls, Inc.** handles all aspects of security system integration, especially suited for the corrections market. Accurate will be showcasing the AudioTEC IP Audio Communication system as well as Hanwha and Axis, among other cameras/video management systems. Another featured product will be the "Bolt" IP lock module.

**Modern Detention Equipment** manufactures steel detention furniture and accessories. Their 50 years of experience serving the corrections industry provides Modern the knowledge to supply the highest quality products to this unique market.

**Baker Group's MODBack Utility Solutions** is a complete modular MEP assembly. They are assembled by union craftspeople in an advanced manufacturing facility and can be delivered in one piece mounted on stacked detention cells. With this high quality, repeatable solution, you are guaranteed all utilities will meet strict code requirements, while reducing the jobsite MEP above grade rough-in labor by up to 20%.

**Global Security Glazing** stands at the forefront of the security glazing manufacturing industry, offering a comprehensive range of glass products and solutions tailored for various applications such as prisons/jails, courthouses, government buildings, and behavioral health facilities. At the event, they will showcase a diverse array of glass samples housed under the tent, allowing attendees to explore their offerings firsthand.

**Gold Medal Safety Padding®** provides a safer environment for individuals, protecting them from injury in a safe and humane manner. It can be installed on walls, doors, floors, ceilings, and on irregularly shaped surfaces seamlessly. The Decofloor Flooring Systems are specifically engineered decorative aliphatic polyurethane systems for the toughest jobs. Superior durability, chemical resistance, anti-microbial and mildew properties, and a broad range of color combinations make Decofloor systems perfect for institutional, industrial, and commercial facilities.

**Norix** high-quality, durable commercial furniture is specially designed for challenging environments. Norix products go beyond institutional furniture, integrating contemporary design and color with robust structural integrity. More information regarding products under the tent to follow.
